SKILLS | TECH STACK

- Programming Languages: Python, C, HTML, CSS, JavaScript(learning), MySQL, Flask, MongoDB.
- Languages: Spanish(Main), English(Fluent).

EXPERIENCE

Holberton Coding School - San Juan, Puerto Rico

Start: June/2023 - Present

- This is a 9 - month program that focuses on the foundations of computer science and software engineering. We began the program learning the father of all languages, C, so from there we can have the basis to learn other languages such as Python, which is our most focused language.

Holberton Foundations Project - In progress:

- TCG Swift; a website that allows for ease into trading card games for new players.
- Built with: Python, NodeJS, HTML, CSS, Javascript, MySQL.
- Role: Full-stack developer but mainly responsible for the front-end.

Holberton - Higher Level Programing:

- This is the space where all foundational concepts of higher level were learned and practiced.
- Built with: Python, MySQL, Javascript.
- Role: Back-End, mainly.

Holberton - Printf (Group Project):

- Simple program that prints out general information about a system from an user.
- Built with: C.
- Role: Back-End.

Previous Company: Porky Products - Carteret, New Jersey

Start: May/2020 - End: May/2023

Delivery Service Dispatcher:

- Using computer systems for keeping track of company trucks.
- Customer service with clients, drivers, salesmen.

Previous Company: Walmart - Saugus, Mass/Trenton, NJ

Start: October/2017 - End: March/2020

Cashier/Floor Associate/Cart Pusher

- Practice of soft skills in a labor field.

EDUCATION

Holberton Coding School - San Juan, Puerto Rico

Expected Graduation

March 2024

9-Month Certificate in the Foundations of Computer Science and Software Engineering

Person in interest;

Software engineer learning higher level languages such as Python, MySQL, JavaScript, and any languages that I would need to learn to be able to be part of your team. Striving to be a full-stack developer, eager to expand my abilities and be of better service, and create a natural trust that others can rely on, in any sort of situation. Although there are many companies that share a similar intention, the empowerment that this company gives to its employees and creating an environment of growth, it's a vision that I want to help realize.

Thank You for your time and consideration.

Best Regards,

Christian Rosario
